

## Introducing Wholesome Food Services

Founded in 2010, Wholesome Food Services began as a grassroots effort by volunteer parents who spent years advocating for high quality school meals for students, teachers and staff. We automatically donate a portion of the revenue from each meal back to your school. Wholesome Food Services has **proudly donated over \$500,000** to schools and organizations enrolled in our program.

### Our mission is to provide:

- **students, teachers and staff** high quality meals from select restaurants and custom caterers
- **parents** a convenient way to order school meals their children will enjoy
- **schools** a free meal program that includes an automatic donation back to the school along with other effortless fundraising programs
